Amendment

1 Title

This is the Electricity Industry Participation (Metering Arrangements) Code Amendment 2011, Amendment 2013 (No 3).

2 Commencement and expiry

- (1) This amendment comes into force on 29 August 2013.
- (2) This amendment expires at the close of 29 May 2014.

3 Code Amendment amended

This Amendment amends the Electricity Industry Participation (Metering Arrangements) Code Amendment 2011.

4 Schedule 2 amended (Schedule 11.4 Metering equipment provider switching and registry metering records)

Amend Schedule 11.4 of the Electricity Industry Participation Code 2010 as set out in Schedule 2 of the Electricity Industry Participation (Metering Arrangements) Code Amendment 2011, as set out in clause 5 of this Amendment.

5 Schedule 11.4, Table 1 amended

- (1) In Schedule 11.4, Table 1, row 30, column 3, replace "an identifier that indicates that the data channel must be included in the **trader's submission information**, selected from a list in the **registry**" with:
 - "an identifier that,—
 - "(a) for a **meter** or **data storage device** with an AMI flag of "Y", indicates that—
 - "(i) the cumulative data channel must be included in the **trader's submission information**; and
 - "(ii) any absolute data channel must not be included in the **trader's submission information**; or
 - "(b) for any other **meter** or **data storage device**, or for a load control device, indicates whether the data channel must be included in the **trader's submission information**, selected from a list in the **registry**".

- (2) In Schedule 11.4, Table 1, row 30, column 4, replace "Required" with "Required for **meter, data storage device**, or load control device".
- (3) In Schedule 11.4, Table 1, row 30, column 5, replace "Required" with "Required for **meter, data storage device**, or load control device".

Explanatory Note

This note is not part of the Code amendment, but is intended to indicate its general effect.

This amendment to the Electricity Industry Participation (Metering Arrangements) Code Amendment 2011 comes into force on 29 August 2013 and expires at the close of 29 May 2014.

This amendment amends the requirement to populate the registry with information relating to settlement indicators. It requires the metering equipment provider for an AMI meter or data storage device to populate the registry to show that—

- (a) the cumulative data channel must be included in the trader's submission information; and
- (b) the absolute data channel must not be used.
