Dear Ana

Amendment to Registry Manager Market Operator Service Provider Agreement

I refer to the Registry Manager Market Operator Service Provider Agreement (MOSPA) between the Electricity Authority (Authority) and Jade Software Corporation (NZ) Limited, dated 25 January 2017, relating to services provided by Jade Software Corporation (NZ) Limited as the registry manager.

The Authority would like to amend the MOSPA by replacing clause 6 of Schedule 1 (version 1) of the MOSPA as follows:

6. **Additional Requirements:** The **Provider** has planned for the development and implementation of the agreed additional requirements to the **system** as specified in schedule G of the System Delivery Agreement dated 25 January 2017. The additional requirements component of the **Monthly Fee** in clause 2 is for the provision by the **Provider** for these enhancements. To the extent one or more of the additional requirements is not supplied by 3 December 2017, the **fees** will be reduced by a rebate calculated in accordance with clause 7 (Changes) of this **agreement**, but the reduction will be at least the cost assigned to the applicable additional requirement(s) detailed in schedule G.

If you agree to it, this amendment will update the delivery date for the additional requirements to the system as specified in Schedule G of the System Delivery Agreement from 1 October 2017 to 3 December 2017. The amended Schedule 1 of the MOSPA will become version 1.1.

Please confirm your acceptance of the amendment set out in this letter by signing and returning a copy of this letter to me. This amendment to the MOSPA will take effect on the date you sign this letter.

Yours sincerely

Rory Blundell
General Manager Market Performance

I, Ana Sever, agree for and on behalf of Jade Software Corporation (NZ) Limited to the amendment to the MOSPA set out in this letter.
