kvar reference node approved by the system operator in accordance with the definition of distributor kvar reference node in clause 1.1(1).

(4) Expected interruption costs estimated by the Board under the definition of expected interruption costs in rule 1 of part A of the rules that were in force immediately before this Code came into force, are deemed to be expected interruption costs approved by the Authority in accordance with the definition of expected interruption costs in clause 1.1(1).

(5) A grid exit point approved by the system operator under the definition of interruptible load group GXP in rule 1 of part A of the rules immediately before this Code came into force, is deemed to be a grid exit point approved by the system operator in accordance with the definition of interruptible load group GXP in clause 1.1(1).

(6) A system operator register kept, maintained, or made available by the system operator in accordance with the definition of system operator register in rule 1 of part A of the rules immediately before this Code came into force, is deemed to be a system operator register kept, maintained, or made available, as the case may be, by the system operator in accordance with definition of system operator register in clause 1.1(1).

17.2 Special definition of purchaser and payer
(1) A notice given under rule 5.2 of part A of the rules and in force immediately before this Code came into force, is deemed to be a notice given under clause 1.5(2), and may be—
(a) approved by the Authority (if it has not been approved by the Board); and
(b) revoked by the participant named in the notice as participant A or the participant in the notice named as participant B.

(2) A notice published by the Board under rule 5.8 of part A of the rules before this Code came into force, is deemed to be a notice published by the Authority under clause 1.5(8).

17.3 Requests for rulebook information
(1) A request for rulebook information received by the Commission under regulation 15 of the Electricity Governance Regulations 2003 that had not been responded to immediately before this Code came into force, is deemed to be a request for Code information received by the Authority under clause 2.1.

(2) A request for rulebook information received by the Commission under regulation 17 of the Electricity Governance Regulations 2003 that had not been responded to immediately before this Code came into force, is deemed to be a request for Code information received by the Authority under clause 2.3.

(3) A request for rulebook information received by a participant under regulation 19 of the Electricity Governance Regulations 2003 that had not been responded to immediately before this Code came into force, is deemed to be a request for Code information received by a participant under clause 2.5.

(4) A notice transferring a request for rulebook information under regulation 22 of the Electricity Governance Regulations 2003 that had not been responded to immediately
before this Code came into force, is deemed to be a notice transferring a request for **Code information** under clause 2.8.

(5) A charge payable by a participant under regulation 26 of the Electricity Governance Regulations 2003 immediately before this Code came into force, is deemed to be a charge payable by a **requesting participant** under clause 2.12.

**Transitional provisions relating to Part 3**

### 17.4 Appointment of market operation service providers

(1) A person or persons appointed as a registry by the Commission under regulation 30 of the Electricity Governance Regulations 2003, and whose appointment was in force immediately before this Code came into force, is deemed to have been appointed by the **Authority** as a **registry manager** under clause 3.1.

(2) A person or persons appointed as a reconciliation manager by the Commission under regulation 30 of the Electricity Governance Regulations 2003, and whose appointment was in force immediately before this Code came into force, is deemed to have been appointed by the **Authority** as a **reconciliation manager** under clause 3.1.

(3) A person or persons appointed as a pricing manager by the Commission under regulation 30 of the Electricity Governance Regulations 2003, and whose appointment was in force immediately before this Code came into force, is deemed to have been appointed by the **Authority** as a **pricing manager** under clause 3.1.

(4) A person or persons appointed as a clearing manager by the Commission under regulation 30 of the Electricity Governance Regulations 2003, and whose appointment was in force immediately before this Code came into force, is deemed to have been appointed by the **Authority** as a **clearing manager** under clause 3.1.

(5) A person or persons appointed as a market administrator by the Commission under regulation 30 of the Electricity Governance Regulations 2003, whose appointment was in force immediately before this Code came into force, is deemed to have been appointed by the **Authority** as a **market administrator** under clause 3.1.

(6) A service provider's term of appointment and the date on which that term begins agreed under regulation 32 of the Electricity Governance Regulations 2003, and in force immediately before this Code came into force, is deemed to be the relevant **market operation service provider**'s term of appointment for the purposes of clause 3.3 and the date on which the term begins, as the case may be.

(7) The remuneration and other terms and conditions of appointment of a service provider agreed under regulation 33 of the Electricity Governance Regulations 2003, and in force immediately before this Code came into force, are deemed to be the remuneration and terms and conditions of appointment of the relevant **market operation service provider**, as the case may be, for the purposes of clause 3.4.

(8) A service provider agreement published by the Commission under regulation 34 of the Electricity Governance Regulations 2003 and in force immediately before this Code came into force, is deemed to be a **market operation service provider agreement** published by the **Authority** under clause 3.5.
17.5 Insurance cover
(1) A requirement by the Commission that a service provider maintain insurance cover under regulation 36 of the Electricity Governance Regulations 2003 that was in force immediately before this Code came into force, is deemed to be a requirement by the Authority under clause 3.6.
(2) An insurer approved by the Commission under regulation 36 of the Electricity Governance Regulations 2003 immediately before this Code came into force, is deemed to be approved by the Authority under clause 3.6 on the same terms and in respect of the same risks.

17.6 Notification of a force majeure event by a service provider
A notification to the Commission of a force majeure event under regulation 38 of the Electricity Governance Regulations 2003 that was in force immediately before this Code came into force, is deemed to be a notification to the Authority of a force majeure event under clause 3.7.

17.7 Disclosure to the Authority
Information received by a service provider to which regulation 42 of the Electricity Governance Regulations 2003 applied immediately before this Code came into force, is deemed to be information received by the relevant market operation service provider on the day on which this Code came into force for the purposes of clause 3.11.

17.8 Performance standards
Performance standards agreed between the Commission and a service provider for the 2010/2011 financial year under regulation 43 of the Electricity Governance Regulations 2003 that were in force immediately before this Code came into force, are deemed to be the performance standards agreed between the Authority and the relevant market operation service provider under clause 3.12 for that financial year.

17.9 Market operation service providers must report to Authority
(1) Despite the revocation of the rules, a person who was a service provider immediately before this Code came into force must conduct a self-review of its performance as if regulations 44 and 45 of the Electricity Governance Regulations 2003 had not been revoked, and must provide the report required under regulation 45 of the Electricity Governance Regulations 2003 to the Authority.
(2) A report provided to the Authority under subclause (1) is deemed to be a report given under clause 3.14.

17.10 Review of market operation service providers
(1) If the Authority reviews a market operation service provider for the 2010/2011 financial year under clause 3.15, the Authority must report on the matters specified in regulation 46 of the Electricity Governance Regulations 2003 for the period up to the date on which this Code came into force, as well as matters specified in clause 3.15 for
the remainder of the period.

(2) Each report to which subclause (1) applies must consolidate all of the information required to be included so as to report on the period to which it relates as a whole.

17.11 Software specifications
(1) An agreement between the Commission and a service provider under regulation 51 of the Electricity Governance Regulations 2003 in force immediately before this Code came into force, is deemed to be an agreement between the Authority and the market operation service provider in force under clause 3.16.

(2) An agreement between the Commission and a service provider under regulation 52 of the Electricity Governance Regulations 2003 in force immediately before this Code came into force, is deemed to be an agreement between the Authority and the market operation service provider in force under clause 3.17.

(3) An audit report provided to the Commission under regulation 52 of the Electricity Governance Regulations 2003 before this Code came into force, is deemed to be an audit report provided to the Authority under clause 3.17.

Transitional provisions relating to Part 4

17.12 Notification of a force majeure event by an ancillary service agent
A notification to the system operator and the Commission of a force majeure event under regulation 53B of the Electricity Governance Regulations 2003 immediately before this Code came into force, is deemed to be a notification to the Authority of a force majeure event under clause 4.1.

Transitional provisions relating to Part 5

17.13 Undesirable trading situations
(1) An investigation of an undesirable trading situation initiated by the Commission under regulation 54 of the Electricity Governance Regulations 2003, and not completed immediately before this Code came into force, is deemed to be an investigation of an undesirable trading situation initiated by the Authority under clause 5.1.

(2) An action taken by the Commission to correct an undesirable trading situation under regulation 56 of the Electricity Governance Regulations 2003 before this Code came into force, is deemed to be an action taken by the Authority under clause 5.2.

(3) Consultation undertaken by the Commission with the system operator to correct an undesirable trading situation under regulation 58 of the Electricity Governance Regulations 2003 before this Code came into force, is deemed to be consultation undertaken by the Authority in respect of action taken under clause 5.2 to correct an undesirable trading situation under clause 5.3.

(4) Consultation undertaken by the Commission with participants under regulation 59 of the Electricity Governance Regulations 2003 before this Code came into force, is deemed to be consultation undertaken by the Authority with participants under clause 5.4.
Transitional provisions relating to Part 6

17.14 Approval to connect
An approval granted by a distributor to a generator to connect distributed generation under regulation 7 of the Electricity Governance (Connection of Distributed Generation) Regulations 2007 that was in force immediately before this Code came into force, is deemed to be an approval granted to connect distributed generation under clause 6.4.

17.15 Connection of distributed generation outside regulated terms
A connection contract entered into by a distributor and a generator outside the regulated terms under regulation 8 of the Electricity Governance (Connection of Distributed Generation) Regulations 2007 that was in force immediately before this Code came into force, is deemed to be a connection contract outside the regulated terms under clause 6.5.
Clause 17.15: amended, on 23 February 2015, by clause 75 of the Electricity Industry Participation Code Amendment (Distributed Generation) 2014.

17.16 Connection of distributed generation on regulated terms
(1) If distributed electricity was connected on regulated terms under regulation 9 of the Electricity Governance (Connection of Distributed Generation) Regulations 2007 immediately before this Code came into force, it is deemed to be connected on regulated terms under clause 6.6.
(2) If a period for negotiating a connection contract under clause 9 or clause 24 of Schedule 1 of the Electricity Governance (Connection of Distributed Generation) Regulations 2007 had commenced but had not expired immediately before this Code came into force, the period expires for the purposes of clause 6.6 on the date on which it would have expired if the Electricity Governance (Connection of Distributed Generation) Regulations 2007 were not revoked.

17.17 Obtaining approval to connect distributed generation under 10kW
(1) An application by a generator to a distributor to connect distributed generation only capable of generating electricity at a rate of 10kW under clause 2 of Schedule 1 of the Electricity Governance (Connection of Distributed Generation) Regulations 2007, and on which a distributor had not made a decision immediately before this Code came into force, is deemed to be an application under clause 2 of Schedule 6.1.
(2) A generator approved to connect distributed generation under clause 3 of Schedule 1 of the Electricity Governance (Connection of Distributed Generation) Regulations 2007 immediately before this Code came into force, is deemed to have been approved to connect distributed generation under clause 3 of Schedule 6.1.
(3) A notice of intention to proceed given by a generator under clause 5 of Schedule 1 of the Electricity Governance (Connection of Distributed Generation) Regulations 2007 that was in force immediately before this Code came into force, is deemed to be a notice
of intention to proceed under clause 5 of Schedule 6.1.

17.18 Obtaining approval to connect distributed generation over 10kW
(1) An initial application made by a generator to a distributor to connect distributed generation capable of generating electricity above 10kW under clause 11 of Schedule 1 of the Electricity Governance (Connection of Distributed Generation) Regulations 2007, for which the generator had not made a final application in respect of the generation immediately before this Code came into force, is deemed to be an initial application under clause 11 of Schedule 6.1.

(2) Information provided under clauses 12 and 13 of Schedule 1 of the Electricity Governance (Connection of Distributed Generation) Regulations 2007 before this Code came into force, is deemed to be information provided under clauses 12 and 13 of Schedule 6.1.

(3) A final application made under clause 15 of Schedule 1 of the Electricity Governance (Connection of Distributed Generation) Regulations 2007, on which a distributor had not made a decision immediately before this Code came into force, is deemed to be a final application made under clause 15 of Schedule 6.1.

(4) A generator approved to connect distributed generation under clause 18 of Schedule 1 of the Electricity Governance (Connection of Distributed Generation) Regulations 2007 immediately before this Code came into force, is deemed to have been approved to connect distributed generation under clause 18 of Schedule 6.1.

(5) Any conditions specified by a distributor in its decision on an application under clause 18 of Schedule 1 of the Electricity Governance (Connection of Distributed Generation) Regulations 2007 immediately before this Code came into force, are deemed to be conditions specified by the distributor under clause 18 of Schedule 6.1.

(6) A notice of an intention to proceed made by a generator under clause 20 of the Electricity Governance (Connection of Distributed Generation) Regulations 2007 that was in force immediately before this Code came into force, is deemed to be a notice under clause 20 of Schedule 6.1.

17.19 Confidentiality of information provided before connection
Information provided with an application made under Schedule 1 of the Electricity Governance (Connection of Distributed Generation) Regulations 2007 before this Code came into force, is subject to the confidentiality provisions in clause 25 of Schedule 6.1.

17.20 Annual reporting and record keeping
(1) An annual report given by a distributor under clause 26 of Schedule 6.1 for the year 1 January 2010 to 1 January 2011 must report on the matters contained in clause 26 of Schedule 1 of the Electricity Governance (Connection of Distributed Generation) Regulations 2007 for the period 1 January 2010 to the date on which this Code came into force, as well as matters contained in clause 26 of Schedule 6.1, for the remainder of the period.

(2) Each report to which subclause (1) applies must consolidate all of the information
required to be included so as to report on the period to which it relates as a whole.

(3) Records to which clause 28 of Schedule 1 of the Electricity Governance (Connection of Distributed Generation) Regulations 2007 applied immediately before this Code came into force, are deemed to be records to which clause 28 of Schedule 6.1 applies, and must be maintained accordingly.

17.21 Confidential information for regulated terms for connection of distributed generation

(1) Conditions specified under clause 18 of Schedule 2 of the Electricity Governance (Connection of Distributed Generation) Regulations 2007 apply as if they were specified under clause 17 of Schedule 6.2.

(2) Information that came within the definition of confidential information under clause 16 of Schedule 2 of the Electricity Governance (Connection of Distributed Generation) Regulations 2007, is deemed to be confidential information as defined in clause 1.1(1).

17.22 Breach of regulated terms

A regulated terms breach under clause 21 of Schedule 2 of the Electricity Governance (Connection of Distributed Generation) Regulations 2007 that was not resolved immediately before this Code came into force, is deemed to be a regulated terms breach under clause 20 of Schedule 6.2.

17.23 Default dispute resolution process

(1) A dispute to which clause 1 of Schedule 3 of the Electricity Governance (Connection of Distributed Generation) Regulations 2007 applies that was not resolved immediately before this Code came into force, is deemed to be a dispute to which clause 1 of Schedule 6.3 applies.

(2) A notice of dispute given under clause 2 of Schedule 3 of Electricity Governance (Connection of Distributed Generation) Regulations 2007, for a dispute that was not resolved immediately before this Code came into force, is deemed to be a notice given under clause 2 of Schedule 6.3.

17.23A [Revoked]

Transitional provisions relating to Part 7

17.24 Security of supply forecasting and information policy

A security of supply forecasting and information policy issued by the Commission and in force immediately before this Code came into force, is deemed to be the security of supply forecasting and information policy prepared and published under clause 7.3, and may be substituted by the system operator accordingly.
17.25 Emergency management policy
An emergency management policy issued by the Commission and in force immediately before this Code came into force, is deemed to be the emergency management policy prepared and published under clause 7.3, and may be substituted by the system operator accordingly.

17.26 Review of system operator
(1) The review of the performance of the system operator by the Authority for the 2010/2011 financial year required under clause 7.8 must report on the matters specified in regulations 47 and 48 of the Electricity Governance Regulations 2003 for the period up to the date on which this Code came into force, as well as the matters specified in clauses 7.8 and 7.9 for the remainder of the period.
(2) Each report to which subclause (1) applies must consolidate the information required to be included so as to report on the period to which it relates as a whole.

17.27 Review of the system operator
An assessment of the system operator’s performance submitted to the Commission under rule 14 of section II of part C of the rules for the period ending 31 August 2010, is deemed to have been submitted to the Authority under clause 7.11.

Transitional provisions relating to Part 8

17.28 Policy statements
(1) The policy statement set out in schedule C4 of part C of the rules immediately before this Code came into force, continues in force and is deemed to be the policy statement that applies under clause 8.9, with the following amendments:
   (a) every reference to the Board must be read as a reference to the Authority;
   (b) every reference to the rules must be read as a reference to the Code;
   (c) every reference to the regulations must be read as a reference to the Code;
   (d) every reference to a provision of the rules or the regulations must be read as a reference to the corresponding provision of the Code.
(2) The Authority must, as soon as practicable after this Code came into force, publish a version of the policy statement in which the provisions of this Code that correspond to the provisions of the rules or regulations referred to in the policy statement are shown.

17.29 Existing contracts for higher levels of common quality
(1) This clause applies if—
   (a) Transpower and any person have a contract or an arrangement to maintain voltage at a point of connection that—
      (i) was in force immediately before the rules came into force; and
      (ii) remained in force after this Code came into force; and
   (b) the effect of the contract or arrangement may cause the system operator to operate the grid voltage within a lesser range than the range set out in the
AOPOs; and
(c) Transpower and the system operator have a matching contract or arrangement in that respect under clause 8.6.

(2) When this clause applies, any incremental cost arising from the system operator operating within a lesser range under a contract or arrangement to which subclause (1)(c) applies—
(a) must not be allocated according to clause 8.6; but instead
(b) is an allocable cost and must be paid as set out in clauses 8.55 and 8.67.

(3) Subclause (2) applies to the costs arising from a contract or arrangement to which subclause (1)(c) applies until the earlier of the following:
(a) the expiry date of the contract or arrangement:
(b) termination of the contract or arrangement:
(c) the end of the life of the assets employed in providing the voltage service provided for in the contract or arrangement.

17.30 System security forecast
(1) A review of the system security forecast prepared in accordance with rule 15.1 of section II of part C of the rules for the 6 month period immediately before this Code came into force, is deemed to be a review of the system security forecast under clause 8.15.

(2) The system security forecast last provided to the Commission under rule 15 of section II of part C of the rules immediately before this Code came into force, is deemed to have been prepared, published and provided to the Authority under clause 8.15.

17.31 Load shedding obligations to support voltage
A requirement expressed by the system operator under rule 3.3 of section III of part C of the rules that was in force immediately before this Code came into force, is deemed to be a requirement expressed by the system operator under clause 8.24.

17.32 Information provisions
(1) A notice given by the system operator to an embedded generator under rule 4.5 of section III of part C of the rules that was in force immediately before this Code came into force, is deemed to be a notice issued by the system operator to an embedded generator under clause 8.25(5)(b).

(2) An application to the Commission under rule 4.6 of section III of part C of the rules on which the Commission had not made a decision immediately before this Code came into force, is deemed to be an application to the Authority under clause 8.25(6).

(3) An approval given by the Commission under rule 4.6 of section III of part C of the rules immediately before this Code came into force, is deemed to be an approval given by the Authority under clause 8.25(6).

17.33 Commissioning plan or testing plan
A commissioning plan or testing plan agreed between the asset owner and the system
operator under rule 6 of section III of part C of the rules and in force immediately before this Code came into force, is deemed to be a commissioning plan or testing plan agreed between the asset owner and the system operator under clause 8.28(3)(b).

17.34 Equivalence arrangement or dispensation
(1) An approval of an equivalence arrangement under rule 7.2 of section III of part C of the rules, unless cancelled under rule 8.2 of section III of part C or revoked under rule 8.3 of section III of part C, that was in force immediately before this Code came into force, is deemed to be an approval of an equivalence arrangement under clause 8.30 and clause 8 of Schedule 8.1, as modified in accordance with rule 8.1 of section III of part C of the rules.

(2) A grant of a dispensation under rule 7.3 of section III of part C of the rules, unless cancelled under rule 8.2 of section III of part C, or revoked or varied under rule 8.3 of section III of part C, that was in force immediately before this Code came into force, is deemed to be a grant of a dispensation under clause 8.31 and clause 8 of Schedule 8.1 as modified in accordance with rule 8.1 of section III of part C of the rules.

(3) An application for an equivalence arrangement made under clause 2 of schedule C1 of part C of the rules, on which the system operator had not yet advised its decision immediately before this Code came into force, is deemed to be an application for an equivalence arrangement under clause 2 of Schedule 8.1.

(4) An application for a dispensation made under clause 2 of schedule C1 of part C of the rules, on which the system operator had not yet advised its decision immediately before this Code came into force, is deemed to be an application for a dispensation under clause 2 of Schedule 8.1.

(5) An agreement relating to the processing costs for the approval of an equivalence arrangement or the grant of a dispensation under clause 5 of schedule C1 of part C of the rules that was in force immediately before this Code came into force, is deemed to be an agreement under clause 5 of Schedule 8.1.

(6) A draft decision issued and published by the system operator on the grant of a dispensation under clause 6 of schedule C1 of part C of the rules, on which the system operator had not advised its decision immediately before this Code came into force, is deemed to be a draft decision issued and published by the system operator on the grant of a dispensation under clause 6 of Schedule 8.1.

17.35 Excluded generating stations
A directive issued by the Commission under rule 10 of section III of part C of the rules that was in force immediately before this Code came into force, is deemed to be a directive issued by the Authority under clause 8.38(2).

17.36 Procurement plan
(1) [Expired]
(2) [Expired]
(3) Subclauses (1) and (2) expire at the close of 30 November 2010.
(4) The procurement plan notified in the Gazette dated 15 July 2010 is deemed to be the procurement plan made under clause 8.41.

(5) Subclause (4) came into force on 1 December 2010.

(6) A draft procurement plan submitted to the Commission under rule 4 of section IV of part C of the rules on which the review process in rule 5 of section IV of part C had not been completed immediately before this Code came into force, is deemed to be a draft procurement plan submitted to the Authority under clause 8.43.

(7) A draft procurement plan published by the Commission under rule 5 of section IV of part C of the rules on which the review process in that rule had not been completed immediately before this Code came into force, is deemed to be a draft procurement plan published by the Authority under clause 8.44.

(8) A submission received on a draft procurement plan under rule 5 of section IV of part C of the rules on which the review process in that rule had not been completed immediately before this Code came into force, is deemed to be submission received on a draft procurement plan under clause 8.44.

(9) A request for variation to a current procurement plan by a participant that the Commission had determined to hold over until the next draft procurement plan process under rule 7.2.2 of section IV of part C of the rules immediately before this Code came into force, is deemed to be a request for variation to a current procurement plan that has been held over by the Authority until the next draft procurement plan process under clause 8.46(3).

(10) A report provided to the Board by the system operator under rule 8.2 of section IV of part C of the rules before this Code came into force, is deemed to be a report provided to the Authority under clause 8.47(2).

Clause 17.36(1) and (2): expired, on 30 November 2012 by clause 17.36(3).

17.37 Alternative ancillary service arrangement

(1) An alternative ancillary service arrangement authorised under rules 9.1 to 9.3 of section IV of part C of the rules, unless cancelled under rule 9.6 of section IV of part C or revoked under rule 9.7 of section IV of part C, immediately before this Code came into force, is deemed to be an authorised alternative ancillary service arrangement under clause 8.48, with any modifications to the arrangement made by rules 9.4 and 9.5 of section IV of part C of the rules.

(2) An application for an authorisation of an alternative ancillary service arrangement made under rules 9.1 to 9.3 of section IV of part C of the rules, not determined immediately before this Code came into force, is deemed to be an application for authorisation of an alternative ancillary service arrangement made under clause 8.48 and clause 1 of Schedule 8.2.

(3) A notification given under rule 10 of section IV of part C of the rules that was in force immediately before this Code came into force, is deemed to be a notification under clause 8.54.
17.38 Allocating ancillary services costs

(1) Amounts payable pursuant to contracts under rule 11.1.1 of section IV of part C of the rules, not paid immediately before this Code came into force, are deemed to be amounts payable under clause 8.55(a).

(2) Actual administrative costs approved by the Commission under rule 11.1.2 of section IV of part C of the rules and in force immediately before this Code came into force, are deemed to be actual administrative costs under clause 8.55(b).

(3) Costs or charges payable under rule 11.5.1 of section IV of part C of the rules, not paid immediately before this Code came into force, are deemed to be costs or charges payable under clause 8.59.

(4) A notice given by the system operator to a participant under rule 11.5.1A of section IV of part C of the rules, for which the required information had not been provided immediately before this Code came into force, is deemed to be a notice given under clause 8.60.

(5) A draft determination published by the system operator under rule 11.5.1B of section IV of part C of the rules before this Code came into force, is deemed to be a draft determination published under clause 8.61.

(6) A submission received on a draft determination published by the system operator under rule 11.5.1B of section IV of part C of the rules before this Code came into force, is deemed to be a submission received under clause 8.61.

(7) A notice given to the Rulings Panel under rule 11.5.1C of section IV of part C of the rules that was in force immediately before this Code came into force, is deemed to be a notice given under clause 8.62.

(8) A decision made by the Rulings Panel under rule 11.5.1D of section IV of part C of the rules before this Code came into force, is deemed to be a decision made by the Rulings Panel under clause 8.63.

(9) A determination referred back to the system operator under rule 11.5.1D of section IV of part C of the rules that had not been resolved immediately before this Code came into force, is deemed to have been referred back to the system operator under clause 8.63.

(10) Costs or charges payable under rule 11.5.2 of section IV of part C of the rules, not paid immediately before this Code came into force, are deemed to be costs or charges payable under clause 8.64.

(11) An event charge that had been paid but not rebated under rule 11.5.3 of part IV of part C of the rules immediately before this Code came into force, must be rebated under clause 8.65.

(12) Costs or charges payable under rule 11.6 of section IV of part C of the rules, not paid immediately before this Code came into force, are deemed to be costs or charges payable under clause 8.67.

(13) Amounts payable under rule 11.7 of section IV of part C of the rules, not paid immediately before this Code came into force, are deemed to be amounts payable under clause 8.68.

(14) Amounts payable under rule 11.8 of section IV of part C of the rules, not paid
immediately before this Code came into force, are deemed to be amounts payable under clause 8.69.

17.39 Requirements for asset capability statement
An asset capability statement provided to the system operator by an asset owner under clause 2.5 of technical code A of schedule C3 of part C of the rules before this Code came into force, is deemed to be an asset capability statement provided under clause 2(5) of Technical Code A of Schedule 8.3.

17.40 Connection of local networks in parallel with the grid
An agreement under clause 6 of technical code A of schedule C3 of part C of the rules that was in force immediately before this Code came into force, is deemed to be an agreement under clause 6 of Technical Code A of Schedule 8.3.

17.41 Modification and changes to assets
A notification given by an asset owner to the system operator under clause 7.2 of schedule C3 of part C of the rules that was in force immediately before this Code came into force, is deemed to be a notification given under clause 7(2) of Schedule 8.3.

17.42 Records, tests and inspections
A written request made by the system operator to an asset owner under clause 8.3 of schedule C3 of part C of the rules that the asset owner had not responded to immediately before this Code came into force, is deemed to be a written request made under clause 8(3) of Technical Code A of Schedule 8.3.

17.43 Information provided
(1) Information provided by a North Island distributor under clause 6 of appendix B of technical code A of schedule C3 of part C of the rules before this Code came into force, is deemed to be information provided by a North Island distributor under clause 6 of Appendix B of Technical Code A of Schedule 8.3.
(2) Information provided by a South Island distributor under clause 7 of appendix B of technical code A of schedule C3 of part C of the rules before this Code came into force, is deemed to be information provided by a South Island distributor under clause 7 of Appendix B of Technical Code A of Schedule 8.3.

17.44 Retention of records
The system operator and each participant must retain records of formal notices issued under clause 4 of technical code B of schedule C3 of part C of the rules.

17.45 Redistribution of automatic under-frequency load shedding [Revoked]
Clause 17.45: revoked, on 7 August 2014, by clause 34 of the Electricity Industry Participation Code Amendment (Extended Reserve) 2014.
17.46 Notice
A notice in relation to a participant under clause 6.5A.2 of technical code B of schedule C3 of part C of the rules that was in force immediately before this Code came into force, is deemed to be a notice in relation to a participant under clause 7(11) of Technical Code B of Schedule 8.3.

17.47 Specific requirements for document transmission communication
(1) A request made by an asset owner to the system operator under clause 4.1.2 of technical code C of schedule C3 of part C of the rules that had not been dealt with by the system operator immediately before this Code came into force, is deemed to be a request made under clause 5(2) of Technical Code C of Schedule 8.3.

(2) An approval of primary or backup means of document transmission communication under clauses 4.1 or 4.2 of technical code C of schedule C3 of part C of the rules that was in force immediately before this Code came into force, is deemed to be an approval under clause 5(2) or (3), as the case may be, of Technical Code C of Schedule 8.3.

17.48 Outage
(1) A notification of a planned outage under clause 2 of technical code D of schedule C3 of part C of the rules that was in force immediately before this Code came into force, is deemed to be a notification under clause 2 of Technical Code D of Schedule 8.3.

(2) Any asset outage programme published under clause 6 of technical code D of schedule C3 of part C of the rules that was in force immediately before this Code came into force, is deemed to be a asset outage programme published under clause 6 of Technical Code D of Schedule 8.3.

17.48A [Revoked]

17.48B [Revoked]
Clause 17.48B: inserted, on 7 August 2014, by clause 35 of the Electricity Industry Participation Code Amendment (Extended Reserve) 2014.

Transitional provisions relating to Part 9

17.49 System operator rolling outage plan
A system operator rolling outage plan issued by the Commission immediately before this Code came into force, is deemed to be the system operator rolling outage plan prepared and published under clause 9.2, and may be substituted by the system operator accordingly.
17.50 Participant rolling outage plans

(1) A notice given by the Commission to a specified participant under regulation 8A(2) of the Electricity Governance (Security of Supply) Regulations 2008 that was in force immediately before this Code came into force, is deemed to be a notice given by the system operator under clause 9.6(2).

(2) A participant outage plan submitted to the Commission for approval under regulation 8B(2) of the Electricity Governance (Security of Supply) Regulations 2008, that had not been approved by the Commission immediately before this Code came into force, is deemed to be a participant rolling outage plan submitted to the system operator for approval under clause 9.7(2).

(3) A participant outage plan approved by the Commission under regulation 8D of the Electricity Governance (Security of Supply) Regulations 2008 that was in force immediately before this Code came into force, is deemed to be a participant rolling outage plan approved by the system operator under clause 9.9.

(4) A revised participant outage plan submitted to the Commission for approval under regulation 8E(b) of the Electricity Governance (Security of Supply) Regulations 2008 that had not been approved by the Commission immediately before this Code came into force, is deemed to be a participant rolling outage plan submitted to the system operator for approval under clause 9.10(b).

(5) A participant outage plan approved by the Commission under regulation 8F of the Electricity Governance (Security of Supply) Regulations 2008 immediately before this Code came into force, is deemed to be a participant rolling outage plan approved by the system operator under clause 9.11.

(6) A participant outage plan published under regulation 8G of the Electricity Governance (Security of Supply) Regulations 2008 that was in force immediately before this Code came into force, is deemed to be a participant rolling outage plan published under clause 9.12.

(7) Every reference to the Commission in a participant outage plan published under regulation 8G of the Electricity Governance (Security of Supply) Regulations 2008 that was in force immediately before this Code came into force, is deemed to be a reference to the system operator.

(8) Every reference to the Security of Supply Outage Plan in a participant outage plan published under regulation 8G of the Electricity Governance (Security of Supply) Regulations 2008 that was in force immediately before this Code came into force, is deemed to be a reference to the System Operator Rolling Outage Plan.

(9) Every reference to a provision of the Electricity Governance (Security of Supply) Regulations 2008 in a participant outage plan published under regulation 8G of the Electricity Governance (Security of Supply) Regulations 2008 that was in force immediately before this Code came into force, is deemed to be a reference to the corresponding provision of the Code.

(10) A participant outage plan submitted to the Commission for approval under regulation 8H of the Electricity Governance (Security of Supply) Regulations 2008 that had not
been approved by the Commission immediately before this Code came into force, is deemed to be a participant rolling outage plan submitted to the system operator for approval under clause 9.13.

(11) A participant outage plan submitted to the Commission under regulations 8B(2), 8E(b), or 8H of the Electricity Governance (Security of Supply) Regulations 2008 and held by the Commission immediately before this Code came into force, must be made available by the Authority to the system operator on request by the system operator.

17.51 Supply shortage declaration
A supply shortage declaration in force under regulation 9 of the Electricity Governance (Security of Supply) Regulations 2008 immediately before this Code came into force, is deemed to be a supply shortage declaration in force under clause 9.14.

17.52 Security of supply direction
A direction in force under regulation 10 of the Electricity Governance (Security of Supply) Regulations 2008 immediately before this Code came into force, is deemed to be a direction in force under clause 9.15.

17.53 Provision of information
(1) A written notice for information received by a participant under regulation 14 of the Electricity Governance (Security of Supply) Regulations 2008 that had not been responded to immediately before this Code came into force, is deemed to be a written notice for information given by the system operator under clause 9.18.

(2) Any information provided to the Commission under regulation 14 of the Electricity Governance (Security of Supply) Regulations 2008 and held by the Commission immediately before this Code came into force, must be made available by the Authority to the system operator on request by the system operator.

17.54 Meter installations
(1) Consultation undertaken by the Commission in respect of a new point of connection under rule 2 of part D of the rules, for which the responsibility had not been determined immediately before this Code came into force, is deemed to be consultation by the Authority under clause 10.2.

(2) Advice of an assignment of responsibility for provision of a metering installation made under rule 2 of part D of the rules immediately before this Code came into force, is deemed to be advice of an assignment of responsibility for provision of a metering installation to the Authority made under clause 10.2(2).

(3) The Authority is not required to advise registered participants of an assignment under clause 10.2(3) if the Commission advised registered participants of the assignment under rule 2 of part D of the rules.
17.55 Quantification at points of connection

A method of calculation approved by the Board under rule 3.1.2 of part D of the rules in force immediately before this Code came into force, is deemed to be a method of calculation approved by the Authority under clause 10.3(a)(ii).

17.56 Electricity recorded

(1) Electricity recorded in accordance with rule 3 of part D of the rules immediately before this Code came into force, is deemed to be electricity recorded under clause 10.3.

(2) Electricity recorded in accordance with rule 3.1 of part D of the rules immediately before this Code came into force, is deemed to be electricity recorded under clause 10.3(a).

(3) Electricity recorded in accordance with rule 3.3 of part D of the rules immediately before this Code came into force, is deemed to be electricity recorded under clause 10.3(c).

(4) Electricity recorded in accordance with rule 3.4 of part D of the rules immediately before this Code came into force, is deemed to be electricity recorded under clause 10.3(d).

17.57 Metering installation tests

(1) A notice requesting a test of a metering installation given under rule 9 of part D of the rules, for which a test had not been carried out immediately before this Code came into force, is deemed to be a notice under clause 10.9(1).

(2) Any cost of a test payable under rule 9 of part D of the rules, if not paid immediately before this Code came into force, is deemed to be a cost payable under clause 10.9(2).

(3) A direction by the reconciliation manager as to the adjustment, repair or replacement of a metering installation given under rule 11 of part D of the rules that had not been complied with immediately before this Code came into force, is deemed to be a direction of the reconciliation manager under clause 10.11.
