Draft lists of distributed generation eligible to qualify to receive avoided cost of transmission payments under regulated terms (UNI and USI)

Thank you for the opportunity to comment on the Draft lists of Distributed Generation Eligible to Qualify to Receive Avoided Cost of Transmission Payments Under Regulated Terms (UNI and USI).

The Authority has asked “what, if any changes should be made to the list of distributed generation in the upper North Island that is eligible to qualify to receive ACOT payments under the regulated terms?”

What, if any, changes should be made to the list of distributed generation in the upper South Island that is eligible to qualify to receive ACOT payments under the regulated terms? What are our reasons?

Mercury agrees with the list and does not consider any changes necessary.

Yours sincerely

Rebekah McCrae
Regulatory Advisor
