1. Which of the proposed funding options do you support for our Electricity Industry Governance and Market Operations appropriation?

Option 3: System operator and inflation uplift +\$7.8 million.

2. Which of the Authority's activities are top priority for you, and which other activities do you think should be traded off against these priority activities?

We think priority activities under the 'option 3 appropriation' should be as follows:

[Competition] Accelerate the implementation of the ECTF recommendations

[Competition] Accelerate the implementation of the MDAG
recommendations

[Security of supply] Assess and develop enhanced market participation tools for battery
energy storage systems

[Changing electricity system] Scale up the 2024/25 pilot of the Power
Innovation Pathway to support strong demand for
the service.

[Digitalisation] Progress improvements to accessing information
held by Metering Equipment Providers

[Digitalisation] Complete improvements to multiple trading and
enhanced switching arrangements.

***5. If you have any other comments on the Authority's levy consultation,
please add those here***

Written submission and/or supporting documentation

***The Authority intends to publish all submissions. Are you happy for the
Authority to publish your submission?***

Yes
