

Electricity Authority Code amendment register – July 2026

This register lists proposals received by the Electricity Authority for amendments to the Electricity Industry Participation Code 2010 and provides information on their status.

Note: there are two numbering systems for the proposals. The Rule Change proposal numbers reflect proposals that have been carried over from the Electricity Commission to the Electricity Authority.

Status	Proposal number	Proposal name	Proposer	Date proposal received	Part of Code
Received - initial assessment to be completed					
Received	CAR183	Off-market trading	Paua to the People Limited	24/04/2026	Part 14 and Part 15
Received	CAR182	Clarify disconnection notice requirements for non-payment	Meridian Energy Limited	15/06/2026	Part 11A
Current - in the Authority's current work programme. Requests may be actioned as part of an in-progress project or as a part of the Code Review Programme.					
Current	CAR181	Remove System Operator as a potential causer of underfrequency events	Transpower	27/03/2026	Part 1
Current	CAR179	Change electricity registry operations to support hot water DLC propagation	Octopus Energy NZ Limited	21/07/2025	Part 11, Schedule 11.4
Current	CAR177	Process for planned interruptions of supply to non-billing embedded networks	Stephenson & Turner WELLINGTON Limited	08/04/2025	Schedule 12A and Schedule 5
Current	CAR178	Introducing 'balancing demand' as a new class of generation	Energy Link Ltd	30/04/2025	13 and 14
Current	CAR176	Corporate separation and rules for arm's-length and non-discrimination	Independent Electricity Retailers	7/08/2024	Part 6A, Schedule 6A
Current	CAR175	Retailers provide information about available retail plans	Member of public	23/08/2023	11
Current	CAR171	Flexible Certification process	Transpower	19/05/2022	
Current	CAR168	Transparency of generation connection enquiries	Transpower	16/03/2022	12
Current	CAR167	Revocation of clauses 10.29B and 10.29C	Transpower	25/02/2022	10.29B and 10.29C
Current	CAR161	Routine asset testing interval changes	Transpower	28/01/2020	8.3
Current	CAR159	Standardisation of ICP Equipment Registry Information	Simply Energy	29/05/2019	
Current	CAR154	Increase time period for provision of AMI switch readings	Electric Kiwi	17/08/2018	11
Current	CAR151	Distributed Generation - Export and Registry	Orion NZ	20/12/2017	6 and 11
Current	CAR149	Amendment of existing Metering Installation Certifications	Metrix	1/11/2017	10
Current	CAR146	System study requirement for generator testing	Rulings Panel	31/03/2017	

Current	CAR144	Make ancillary service definitions technology neutral	Mercury	27/02/2017	1
Current	CAR142	Criteria amendment regarding eligibility for connection of distributed generation under the Part 1A application process.	EEANZ	9/12/2016	6
Current	CAR137	Metering equipment provider must provide access to raw meter data	Electric Kiwi	23/05/2016	10
Current	CAR134	Information to be provided when both loss and ratio compensations apply	Electricity Authority	18/02/2016	11
Current	CAR129	Distributors to change ICP information provided to the registry – amendment to Clause 8 of Schedule 11.1	Unison Networks Limited	21/09/2015	11
Current	CAR100	Measurement Transformer (Calibration and Certification) Processes	Transpower	3/06/2014	10
Current	RCP00235	Review plant commissioning rules	Electricity Commission and System Operator	17/03/2010; 01/04/2009	8
Future - under consideration for inclusion in Authority's future work programme					
Future	CAR175	Retailers provide information about available retail plans	Member of public	23/08/2023	11
Future	CAR174	Ensuring generation dispatch is shared when the grid is constrained	Far North Solar Farms	13/09/2023	13
Future	CAR173	Raw meter data output test for a category 1, non-Ferraris disk metering installation	Influx Energy	10/02/2023	Schedule 10.7, (1) (c)
Future	CAR166	Alignment of Economic Tests within the Code	Transpower	12/10/2021	12
Future	CAR152	Removal of the Under Frequency Event Charge	Contact Energy	20/03/2018	8
Future	CAR143	Switch Event Midnight Meter Reads	Flick Electric	14/02/2017	11
Future	CAR124	Interconnection Grid Capacity and Configuration Information	Transpower NZ Ltd	26/05/2015	12
Future	CAR101	Amendment to Schedule 11.3	Flick Energy	5/06/2014	11
Future	CAR091	Amend allocation of under-frequency event charges in Subpart 3 of Part 8 of the Code	EnerNoc	30/09/2013	8
Future	CAR085	Hedge arrangement disclosure (third party)	Electricity Authority	21/06/2013	13
