Dear Ian

Amendment to Registry Manager Market Operator Service Provider Agreement

I refer to the Registry Manager Market Operator Service Provider Agreement (MOSPA) between the Electricity Authority (Authority) and Jade Software Corporation (NZ) Limited, dated 25 January 2017, relating to services provided by Jade Software Corporation (NZ) Limited as the registry manager.

The Authority agrees to amend the MOSPA by (specific change shown in **yellow**):

1) replacing clause 3 of Schedule 1 (version 1.6) of the MOSPA with the following:

3. The hourly rates for unplanned chargeable work are as follows:

Resource	Hourly Rate (excl GST)	Starting Index
Project Management / Architect / Consultant / Designer	\$185	<i>The actual Labour Market Statistics – Wage inflation – All Sectors index for March 2017, to be inserted after 1 April 2017</i>
Development	\$199.45	
Auditor	Actual cost pass through	No indexing applies

If you confirm your agreement, this amendment will allow for the increase of the hourly development rate to the stated amount from the date noted below.

Please confirm your acceptance of the amendment set out in this letter by signing and returning a copy of this letter to me. This amendment to the MOSPA will take effect on 1 October 2023 for all new development work but it will not change the rate for any ongoing development work.

Yours sincerely

Shaun Ferris
Chief Operating Officer (Acting)

I, Ian Hight, agree for and on behalf of Jade Software Corporation (NZ) Limited to the amendment to the MOSPA set out in this letter.

Ian Hight
