Engagement

- 3.5. Another key priority has been engagement with industry participants, some of which is outlined in the Communications and Engagement section of this report.
- 3.6. In addition, we recently held a meeting with independent retailers with the Board Chair present. Electric Kiwi was invited but cancelled the day prior. The meeting coincidentally was the day Electric Kiwi publicly announced its complaint to the Commerce Commission

alleging a breach of section 36 of the Commerce Act by gentailers. We will discuss the allegation at the Board meeting.
