Thanks John, I'll give you a ring at 10:45 if that still works.
This is the ITP data that the gentailers provide us under the Code.

Thanks Sarah for this, and Saturday's helpful message which I've been thinking about.

Yes a chat with Doug would be great. I am free between 10.30 and 12 today but otherwise Belinda (cc'd) can find us a time.

Hi John

You may not even have got to my email below but I've had a quick chat with Doug this morning and he's probably the best person to speak to on both of these topics. If it works for you Doug could give you a call.

Hi John

Thanks for your email.

On internal transfer pricing – we have done some work to require certain information to be published. We've just updated our website (went live yesterday!) and I can't find where the information is but will find it and send to you. There's a subsequent piece of work coming which is to publish some retail gross margin information too.

The other matter is a mix of issues related to retail electricity competition. My question is about the status of the proposal for gentailers to publish their internal transfer price. Has that become an obligation and/or is there some way of reliably deducing the transfer price from published accounts?

Anything you can tell me on these topics would be gratefully received. If its easier to call that's fine too – my number is Section 9(2)(a) Privacy

Nga mihi
John
