Yep, we're keen for a catch up. Sometime the week starting 4 March work would suit us best. There's Home café for a cheese scone if you fancy. or we could meet at a café halfway?

Kia ora team

No action required.

Just a heads-up we have uploaded the Programme initiation document to our Risk management review project page under Timeline: <https://www.ea.govt.nz/projects/all/risk-management-review/>

This details the scope of the review and was subject of an OIA request so we have decided to proactively release. No proactive comms planned to support publication.

Might be worth a catch-up in the next few weeks?

Regards
Sean

Awesome, thanks Sean. We appreciate being kept in the loop 😊

FYI Iris has abandoned ERM for Commerce and Consumer Affairs. But the good news is, we've nabbed Becky Kraakman, (copied in). Becky's mostly on the Resources side of the fence, but good to copy her in so she doesn't miss out on the EA news and gossip.

Subject: Review of risk management options - comms

Hi team

Just to advise that we've published a small update today on progress and next steps for our review into risk management options for retailers (which we announced pre-Christmas).

This news item provides the update: [Update on review of risk management options | Electricity Authority \(ea.govt.nz\)](#)

And we have also published a project page where other information and documentation will be uploaded throughout the timeline of the review: [Risk management review | Our projects | Electricity Authority \(ea.govt.nz\)](#)

It is our intention to provide regular updates on the review's progress and proactively release information as we go.

I'll advise when we publish any new information on this.

Our programme lead Rob Bernau was going to get in touch with Tamara to advise.

Happy to discuss if you have any questions.

Cheers

Sean Martin
