Priorities	Comment	Upcoming Board engagement
Not in scope		
Review of risk management in retail electricity	<p>We have received the first responses to the Authority's pre-Christmas requests to non-integrated retailers for information regarding OTC requests they have made. Further responses are coming in during the next month (delays due to retailer staff availability). We will use the data received to date to shape information requests to the gentailers, ie, to get their perspective on the same transactions.</p> <p>Staff have commenced meeting with stakeholders re the review of risk management (Electric Kiwi on 17 and 24 January, Section 9(2)(b)(ii)), to discuss the Authority process and better understand their specific concerns. We have also now received copies of complaints to the Commerce Commission from four different retailers, which provide further context.</p>	Next expected engagement with the Board is April 2024.
