Kia ora James

In response to your letter of 14 April 2021 requiring Meridian to provide information under section 46 of the Electricity Industry Act 2010, please see attached:

1. the public and redacted version of the NZAS Electricity Agreement is available on our website (see [here](#)) and we have attached a document setting out the redactions made (there are six in total, all relating to price);
2. the Amendment Letter signed by Meridian and NZAS on 13 January 2021 (this sets out the changes that were made to the Agreement in January this year);
3. the Model that forms Annex Two to Schedule A of the Electricity Agreement (this is also available on our website but with proprietary COMIT / NZX Hydro historic inflow information redacted);

4. Electricity Swap Confirmation CEN02020 (entered into with Contact on 13 January 2021);
5. Electricity Swap Confirmation CEN07001 (entered into with Contact on 13 January 2021);
6. the Master ISDA Agreement and Schedule entered into between Meridian and Contact (which together with the Confirmations above set out the full contractual terms between Meridian and Contact).

For the avoidance of doubt, we note that clauses of the NZAS Electricity Agreement marked **[INTENTIONALLY DELETED]** are not redactions but are amendments made to the agreement over time.

All of the information provided in this email is highly confidential and commercially sensitive. Meridian asks that the Authority maintain the confidentiality of this information and not disclose it to any other party.

The information is provided only for the purpose stated in your letter of 14 April 2021, namely the review under section 16(1)(g) of the Electricity Industry Act 2010 of high prices that have occurred since the 2018 Pohokura outage. The information should not be used for any other purpose.

Kind regards

Sam Fleming (he/him) – Manager Regulatory and Government Relations
