S9(2)(b) and S9(2)(ba)(i)

Hi Doug

Further to our email correspondence earlier this month and the Authority's request under Section 46(2)(a) of the Electricity Industry Act 2010, Nova is providing the two attached Excel workbooks listing all of the large commercial gas contracts that Nova Energy has entered into from 1 January 2017 through June 2021.

Nova's supply agreement with S9(2)(b)(ii)

The two lists of contracts have been provided on the understanding that the Authority may request further details of individual agreements should it feel that is necessary to determine the market value for gas at the time the contract was entered into.

Please also note that Nova is subject to confidentiality obligations under the contracts. This includes the identities of the counterparties, gas prices and other supply terms (including volume information which may identify who the counterparty is S9(2)(b)(i)). As such we ask that all the information Nova has provided be treated as strictly confidential and commercially sensitive by the Authority.

If the Authority wishes to publish any information provided by Nova or if it is required to provide such information to third parties (whether under the Official Information Act or otherwise) we request that you first advise and consult with Nova as to the form and substance of such disclosure prior to any such publication. Depending on what information is being disclosed, Nova would like the opportunity to consult with its counterparties before any details are released by the Authority.

Regards
Paul
