Dear Tim

Amendment to WITS Manager Market Operator Service Provider Agreement

I refer to the WITS Manager Market Operator Service Provider Agreement (MOSPA) between the Electricity Authority (Authority) and NZX Limited, dated 1 May 2016, relating to services provided by NZX Limited as the WITS Manager.

The Authority would like to vary the functional specification in Schedule 3 of the MOSPA to reflect the following changes:

- **WITS-CR83 - Hedge Disclosure System Enhancement**
 - Completed in October 2024
 - Additional functionality requested by the Authority – completed in January 2025
- **RM-CR106 – EA Branding update**
 - Changes to EA branding on outward facing NZX websites – completed in June 2024

A copy of the functional specification with these proposed variations incorporated is attached to this letter. If you agree to it, the varied functional specification will become **version 15.1** in Schedule 3 of the MOSPA.

Please confirm your acceptance of the variations proposed in this letter by signing and returning a copy of this letter to me. These proposed variations to the MOSPA will take effect on the date you sign this letter.

Yours sincerely,

Peter Taylor
Acting General Manager Corporate & Market Services

I, Tim Chadwick, agree for and on behalf of NZX Limited to the amendment in the MOSPA set out in this letter.

Signed: 

Date: 27 March 2025
