I refer to the Reconciliation Manager Market Operator Service Provider Agreement (MOSPA) between the Electricity Authority (Authority) and NZX Limited, dated 30 October 2015, relating to services provided by NZX Limited as the reconciliation manager.

The Authority would like to amend the functional specification in Schedule 3 of the MOSPA to reflect the following amendment:

- updates to GR-310, AV-010, AV-150, GR-290, GR-300, NT-010, AV-165, PT-030 processes
- section for public access added
- NT-020 and NT-040 processes merged into NT-050.

The Authority would like to amend the MOSPA by replacing the functional specification in Schedule 3 of the MOSPA with the new functional specification, version 9.27, attached to this letter.

It is proposed that this amendment to the MOSPA will take effect on the date you sign this letter.

Please confirm your acceptance of the amendment set out in this letter by signing and returning a copy of this letter to me.

Yours sincerely
