Dear Shane

**Amendment to Reconciliation Manager Market Operator Service Provider Agreement**

I refer to the Reconciliation Manager Market Operator Service Provider Agreement (MOSPA) between the Electricity Authority (Authority) and NZX Limited, dated 30 October 2015, relating to services provided by NZX Limited as the reconciliation manager.

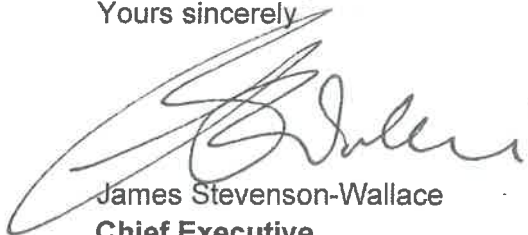

The Authority would like to vary the functional specification in Schedule 3 of the MOSPA to reflect the following:

- Updates to the GR-220, GR-225 and GR-230 reports.

A copy of the functional specification with these proposed variations incorporated is attached to this letter. If you agree to it, the varied functional specification will become version 11.0 in Schedule 3 of the MOSPA.

Please confirm your acceptance of the variations proposed in this letter by signing and returning a copy of this letter to me. These proposed variations to the MOSPA will take effect on the date you sign this letter.

Yours sincerely

James Stevenson-Wallace  
Chief Executive

I, Shane Dinnan, agree for and on behalf of NZX Limited to the amendment to the MOSPA set out in this letter.

 Date: 17/11/20
