### Explanatory Note

*This note is not part of the amendment but is intended to indicate its general effect.*

This amendment to the Electricity Industry Participation Code 2010 (Code) comes into force on 1 April 2026.

The amendment amends clause 12A.7 of the Code to clarify which consumers are eligible to receive negative charges for injection into a distributor's network during peak periods by specifying an upper limit to a business consumer's connection capacity, and the maximum deliverable generation capacity for a consumer's distributed generation.
