Release time	03:00 NZT
Environment	MARUREG (UAT)
SDS Secondary	Yes
Issues addressed	2
Enhancements	1
Documentation	Functional Specification v22.44

RELEASE MANAGEMENT

Qualification status	Complete
Data preservation	The database will be retained
Data setup	No data setup
Data conversion	No data conversion
Release instructions	The release will be completed by JadeCare24 on a managed server
User instructions	None

SYSTEM SOFTWARE RELEASE

Issues Addressed

Ref.	Raised	Description	Status
Er-1644	11/12/2025	<p>Duplicate PLI planned outage files submitted and processed simultaneously of separate queues, one should have been rejected as the planned outage had been created on the other queue. Caused an exception message.</p> <p>No data issues, restart of failed report correctly rejected the duplicate update however standard processing should have rejected the 2nd file in the first place</p>	Complete
